First Unitarian Society of Denver

1400 Lafayette, Denver, CO 80218

We're all experiencing Denver's growing pains, but how does this growth spurt compare to past booms? Who lives in Denver today, and who will be here tomorrow? Can we predict the future- and plan accordingly? Come hear from demographers, preservationists and planners about the outlook for Denver in the 21st century, what we'll need from our built environment, and whether existing structures can adapt to meet of those needs.

Partners and panelists include the National Trust, Blueprint Denver and the Denver Regional Council of Governments (DRCOG).

featuring Daniel Jerrett, DRCOG's Chief Economist
Jim Lindberg, Vice President of Research and Policy
